REPAIR AUTHORIZATION

FOR THE WRITTEN ESTIMATE FOR PARTS AND LABOR
INCLUDING ANY SUBSEQUENT SUPPLEMENTAL DAMAGE

PLEASE NOTE: Once we have an estimate for repairs we will be able to let you know the approximate number of days your vehicle will be in the shop for repairs. If additional damage is found once the repair process begins, the repairs may take longer than anticipated. We strive to maintain the time frame quoted for the repairs, however, occasionally there are circumstances beyond our control which may delay the process.

We do a minor detailing on most vehicles when repairs are completed, therefore in order to expedite the repair and detailing process we ask that you please take the majority of miscellaneous items and especially any valuable items out of your vehicle prior to the repair appointment. Please be sure to remove items from the trunk if work is required to the rear of your vehicle, including bumper work..
